综合绩点转换百分制成绩证明

Percentage Average Grade Certificate

毛冠尧，男，学号：22307130309，2004 年 08 月 12 日生，为我校光电信息科学与工程专业的 2022 年入学本科生。截至 2025 年 08 月 21 日，根据该生所修本科课程平均绩点换算，其百分制成绩平均分为 88 分。特此证明。

This is to certify that Mao Guanyao, student ID: 22307130309, born on Aug. 12, 2004 and admitted in the year of 2022 as an undergraduate student majoring in Opto-Electronics Information Science and Engineering, has achieved a percentage average grade of 88, according to the Cumulative GPA calculated as of Aug. 21, 2025.

打印日期：2025/08/21

(此证明供对外换算使用)

说明

学年和学分

每学年包括秋季、春季两个学期，学校还开设暑期课程。每个学期包括18个教学周。理论课程每周一个课时，上满18周，获一个学分。创新、实践、听力、体育等课程由教学单位自主安排时间和学分比。

计分方式

学分绩点的计算办法是：一门课程的学分绩=绩点×学分数；

学期或学年的平均绩点=Σ所学课程学分绩÷Σ所学课程学分数

1. 2024春季学期以后开设的课程

考试成绩主要采用等级制记载，获A+和A优秀等级的学生一般不超过该门课程修读学生总人数的30%。成绩等级与绩点的对应关系如下表：

成绩	A+、A	A-	B+	B	B-	C+	C	C-	D	D-	F	P	NP
绩点	4.0	3.8~3.7	3.6~3.3	3.2~3.0	2.9~2.7	2.6~2.3	2.2~2.0	1.9~1.7	1.3	1.0	0	/	/

注：A+、A为成绩优秀、D为合格、D-为补考合格、F为不合格。A-~C-等级在各级所对应绩点区间内，根据学生课程考试成绩排序后进行赋值。

- A+等级仅在部分经专家认证且具有高挑战度的课程中设置。
- 课程名称后有“(H)”标识的，为本科荣誉课程，教学的深度、难度、广度高于一般课程，课程名称后有“(G)”标识的，为本科生提前修读的研究生课程。
- 成绩前有“*”标识者为外校转入成绩，计学分，不计绩点。
- 以P（通过）、NP（不通过）方式记载成绩的课程，成绩为P的，计入学分；P、NP均不计入平均绩点。
- 成绩单记载学生在校期间修读的所有课程成绩。依据《复旦大学学士学位授予工作细则》，授予毕业生学士学位时，以符合学生毕业时所在专业教学培养方案规定的所有课程的有效成绩为准计算平均绩点，如达到学士学位的绩点标准，并满足其他相应条件，授予学士学位。

2. 1994秋季学期-2023秋季学期开设的课程

考试成绩采用浮动记分制记载。成绩为A和A-的学生人数应当不超过该门课程学生总人数的30%。成绩等级与绩点换算关系如下表：

成绩	A	A-	B+	B	B-	C+	C	C-	D	D-	F	P	NP
绩点	4.0	3.7	3.3	3.0	2.7	2.3	2.0	1.7	1.3	1.0	0	/	/

3. 1994秋季学期之前开设的课程

考试成绩采用优、良、中、及格、不及格五级制记载，成绩优秀率为20%~30%。

Explanation

The Academic Year and Course Credits

Each academic year of Fudan University has a fall semester, a spring semester and intensive summer sessions. Each semester includes 18 teaching weeks. For principal courses, i.e., courses focusing on principles, concepts and ideas, students earn one credit for one hour of instruction in class per week throughout the semester. The ratio of weekly contact hours to credit hours varies for Innovation & Entrepreneurship, laboratory, listening comprehension and physical education courses, which is usually set by the respective teaching division for these courses.

Calculation of Grade Points

The method for calculating the grade points is:

The grade points earned per course = the quality points for the grade $\times$ the credit hours;

The GPA for a semester/academic year = $\frac{\sum \text{the grade points earned from courses enrolled in that semester/academic year}}{\sum \text{the credit hours of these courses under consideration}}$.

1. Courses offered since the spring semester of 2024

Examination results are recorded in letter grades. Generally, no more than 30% of the students finishing the same course are awarded the A+ and A grades (representing excellent work). Below is the Conversion table for the letter grades and their grade points.

Grade	A+, A	A-	B+	B	B-	C+	C	C-	D	D-	F	P	NP
Grade Points	4.0	3.8~3.7	3.6~3.3	3.2~3.0	2.9~2.7	2.6~2.3	2.2~2.0	1.9~1.7	1.3	1.0	0	/	/

Notes: Letter grades "A+" and "A" indicate outstanding performance. A "D" is a passing grade, whereas a "D-" means a passing grade obtained after resitting the exam. An "F" represents a failing grade. The grade points for letter grades between "A-" and "C-" are awarded within the range of grade points for each grade, pursuant to the rankings of test results obtained by students.

- 1) The "A+" grade is only awarded in highly challenging courses accredited by experts;
- 2) Honors courses, marked with an "(H)" symbol, are usually more challenging, cover topics more in-depth and involve more preparation. Courses marked with a "(G)" symbol, which stands for courses for graduate students, are offered to undergraduates taking such courses in advance.
- 3) The symbol "*" refers to results obtained outside the University that count towards credits but do not count towards the GPA.
- 4) For courses whose final assessment is P(Pass) or NP(Not Pass), the course score P counts towards credit, and both P and NP do not count towards the GPA.
- 5) The transcript records the students' scores for all the courses taken during their time at the University. According to the "Rules and Regulations of Fudan University Concerning the Award of a Bachelor's Degree", when awarding a degree to a graduating student, the GPA is calculated in conformity with the valid results obtained on all the courses stipulated in the teaching program of the student's major at the time of graduation, and, if the student reaches the required GPA standard for the degree, and satisfies other relevant conditions, a Bachelor's degree will be awarded.

2. Courses offered between the fall semester of 1994 and the fall semester of 2023

Examination results are recorded according to the floating-point system. Generally no more than 30% of the students finishing the same course are awarded the "A" and "A-" grades. Below is the Conversion table for the letter grades and their grade points.

Grade	A	A-	B+	B	B-	C+	C	C-	D	D-	F	P	NP
Grade Points	4.0	3.7	3.3	3.0	2.7	2.3	2.0	1.7	1.3	1.0	0	/	/

3. Courses offered before the fall semester of 1994

The grading system consists of five grades: Excellent, Good, Satisfactory, Passing and Failing. The "Excellent" Grade is capped at 20% -30%.
